

Christmas Wishes

A small tradition. A welcoming home.

Invite guests to leave a wish, a hope, or a small kindness for the season. Display their cards among greenery or across a mirror, then keep them as a memory of the people who gathered.

Print

Use US Letter paper (8.5 x 11 inches), ideally ivory or white cardstock. Print at 100% or actual size, with scaling turned off. Page 2 contains six cards; page 3 contains a sign to trim to 5 x 7 inches.

Prepare

Cut each card along its fine outer border. Put blank cards in a shallow bowl with a pen. Print additional copies whenever you need more cards.

Hang

Use lightweight ribbon and small clips, with secure supports suitable for your surface. Follow the mirror and garland mounting instructions. Keep cords, greenery, and cards clear of heat and open flames.

Make it yours

Hang a few cards with room between them. Guests can write on either side. At the end of the season, tuck the cards into an envelope and bring them out next year.

Personal use only.
